Bohn Dakar Armored Shirt - new for 2010

The Legendary Paris-Dakar offroad marathon was the ultimate test of man and machine against the wild, harsh desert and mountain elements.

Factories and riders spared no expense to prepare and compete in this hugely prestigious event.

The new Dakar Shirt was designed with this extreme use in mind - just check out the one piece vented chest protector and zip-off back protector.

Critical areas are amply protected with tough outer shell moldings, and ventilation and user friendly features abound. Crafted for demanding use and styled to look a winner too.

I've worn that single pair of Bohn pants as "underarmor" for six years and 160K. Bohn has met, no, exceeded, those expectations. That's Usability! Lou W, Kennewick, WA

Bohn Xtreme HD Armored Shirt

Combination of hard plates, and absorbant padding in all those right places; plus breathable, tough material makes this an essential off or on road asset. \$189
